

Associate of Science Transfer (AST) – Business

About the Program

Major Transfer Maps (MTMs) represent a streamlined path for students transferring from an Oregon community college to an Oregon university who know which major/bachelor's degree program they want to pursue. In contrast to other statewide transfer tools that prioritize university general education requirements (i.e. AAOT and ASOT), MTMs specify clear course-taking paths necessary for on-track progress towards a specific major/bachelor's degree, with a guarantee of transfer from any Oregon community college to any Oregon public university. MTMs build on the 30-credit general education foundation defined by the generic Core Transfer Map (CTM), although MTMs may specify particular relevant/required General Education courses as part of the 30-credit CTM component of the MTM. Students must have earned a cumulative grade point average of 2.0 and meet the residency requirements at the community college awarding the MTM.

Program Learning Outcomes

- Explain basic business functions and their integration into the business environment.
- Integrate diverse cultural perspectives and ethical reasoning and actions into business decisions.
- Demonstrate effective oral and written communication skills.
- Apply critical thinking and analytical reasoning skills to business decisions.
